Ensuring Measurement Accuracy Across Industries

Ensure the accuracy and reliability of your equipment with Intertek's ISO/IEC 17025 accredited calibration services.

Intertek delivers precision, compliance, and efficiency to meet your operational needs. We provide calibration services designed to enhance the performance and compliance of your instruments.

Our expert calibration solutions are backed by ISO/IEC 17025 accreditation, ensuring measurement accuracy, consistency, and traceability.

Precision in Every Measurement – Ensuring Accuracy with Advanced Calibration Tools.

24/7 SERVICE

Ensuring minimal downtime and maximum operational efficiency

20+ GLOBAL METROLOGY STANDARD

Guaranteeing international compliance and precision.

100+ TYPES OF EQUIPMENT

From laboratory instruments to industrial machinery, Intertek provides calibration solutions that ensure reliability and compliance.

We deliver precise and reliable calibration solutions that drive operational excellence, ensuring accuracy, consistency, and trust in every measurement.

10+ Calibration Fields Covered

- Dimensional
- Electrical
- Force
- Thermal
- Pressure
- Mass
- Volume
- Lux
- Speed/RPM
- Sound
- Time

Why Choose Intertek for Calibration?

- **Accredited Excellence** – ISO/IEC 17025:2017 certified by BAB, ensuring internationally recognised quality standards.
- **Industry-Leading Expertise** – Our skilled technicians bring years of hands-on experience across various sectors.
- **Cutting-Edge Equipment & Standards** – Utilising advanced calibration instruments for precise and reliable results.
- **Flexible Calibration Solutions** – Offering both on-site and in-lab services to suit your operational needs.
- **Efficiency & Cost-Effectiveness** – Quick turnaround times and competitive pricing for seamless operations.

Wide Industry Coverage

Serving key industries including:

- Appliances and Electronics
- Automotive
- Battery
- Constructions
- Engineering
- Food
- Oil & Gas Industry
- Pharmaceuticals & Healthcare
- Powerplant
- Textile & Footwear
- R&D and more

“At Intertek, we ensure the highest calibration standards by providing precise, traceable, and globally recognised measurement solutions. Trusted across industries, our accredited services enhance compliance, optimise efficiency, and minimise operational risks for your business.”
